

Press release about Benchi

Benchi ベンチ Japanese for bench, is a lightweight aluminium bench that is available in various colours and impresses with its minimalist design and versatility. Whether in a narrow hallway, children's room, living room or conservatory, Benchi adapts and offers space.

Materials:

Benchi is made of aluminium and is therefore very light. This makes it easy to use wherever it is needed. Its surface is robust because it is powder-coated:

Ultramarine blue RAL 5002

Papyrus white RAL 9018

Design: Thomas Merkel, 2023
